Dear Miss Parlow:

We recently discovered, much to our chagrin, that you are not receiving the occasional publications we send to our friends, telling them what is happening at Mills. We feel that you might enjoy keeping up to date with the activities of one of your Alma Maters.

I have, accordingly, added your name to our mailing list and am enclosing a recent publication. If you would rather not receive our mailings, please do not hesitate to say so; I assure you that we shall not be offended. I hope, however, that you will find our publications interesting. We should welcome hearing of any questions or criticisms that they stimulate.

Sincerely yours,

North Burn
Assistant to the President
